

**Carriers providing assistance to Ukraine are asking Lithuanian companies and people to contribute**

***At present, the thoughts of passenger carriers, like of the most people in the country, has been captured by the war in Ukraine. Lithuanian passenger companies have already delivered more than 10 buses to Ukraine. Different companies transport people by bus from Ukrainian cities to the Polish border, humanitarian aid from Lithuania to the Polish-Ukrainian border as well as war refugees to Lithuania, those who have chosen our country.***

“Kautra” has already delivered its first 10 tourist buses to Ukraine. The company “Kauno autobusai” will send the same number of city buses to Ukraine in the nearest future. 3 tourist buses of “Toks” and one of “Busturas” bus have been prepared for transfer. Two buses were sent to Ukrainians by Klaipeda and one by Raseiniai bus municipal bus companies.

All the buses handed over to Ukraine did not leave empty - the charity collected from the Lithuanian Red Cross Society. Generators, medicines and fuel donated by different municipal companies of Klaipėda were transported by Klaipėda buses.

Lithuanian companies continue to rescue people, evacuate Ukrainians from Lviv or other cities, and transport refugees from war zones, from the Ukrainian-Polish border to Warsaw or Lithuania. In total, more than 3,000 people have already been transported by buses of Kautra, TOKS, Vilneda, Busturas and other companies, more than half of them – carried directly from Ukraine. More carriers intend to contribute to this important mission.

All this support is provided by passenger carriers at their own expense from the very first days. It is very much needed by the people of Ukraine. In order not to interrupt the support and provide it in the future, the Lithuanian Passenger Transport Association invites other companies to contribute and to perform an important mission together. Every euro donated will contribute to providing assistance to the Ukrainians.

The association has opened a separate account in which the money raised will directly reach the carriers providing assistance to Ukraine.

**Anyone who can support and donate, please transfer the following details:**

LIETUVOS KELEIVIŲ VEŽIMO ASOCIACIJA  
(LITHUANIAN PASSENGER TRANSPORT ASSOCIATION)
