TEMSA SKODA SABANCI ULAŞIM ARAÇLARI A.Ş.

2023-11-27 Nr. S-072

FOR SUPPORT

The Lithuanian Passenger Transport Association (LKVA) was established in 2018 with the aim of promoting passenger transport by various means of public transportation.

The most important goals of the Association are to optimally combine the interests of passenger carriers, to provide quality services that meet the interests of passengers, to develop the awareness of passengers and carriers, to represent the rights of the Association's members in various state and local government institutions, to submit proposals for the legal regulation of passenger transportation, strategies, programs, support measures, laws and by-laws, etc.

The association is an independent, voluntary, non-political, non-profit public association, the members of which can be legal entities engaged in the activity of passenger transportation by all modes of transport, as well as other legal entities related to the provision of various passenger transportation services.

Currently, the Association unites 24 municipal and state-controlled, as well as private companies that transport passengers by bus, trolleybus and train. The turnover of the association's members is over 140 million. Eur, over 3,500 employees work in their companies.

Association activities require financial resources, and the main sources of income are membership fees and support funds.

Unfortunately, the membership fee is only about three-quarters of the minimum funding requirement, with the rest being raised from donations. Considering this, **we are contacting you with a request to provide support.**

The received support would be used to finance the activities of the Association, provided for in the Statutes. The association has the status of a recipient of support, and the funds received would be used in accordance with the requirements of the Law on Charity and Support and other legal acts.

After receiving support, the Association will fulfill the obligations stipulated in the contract, i.e. will place the company's logo on the website, distribute the advertisement provided by your company during the events organized by the Association, as needed, help organize presentations of the company's products to the members of the association, joint promotional campaigns, publicly present **TEMSA** to the media and the public as a sponsor or partner of the Lithuanian Passenger Transport Association.

Any support provided would be greatly appreciated.

ADDED. 1. Draft contract, 3 sheets.

2. JAR extract with confirmation of beneficiary status, 3 pages.

President

Gintaras Nakutis
